## Legislative Council.

The 10th March 1855.

THE following Bill was read a second time in the Legislative Council on the 10th March 1855 and referred to a Select Committee who are to report thereon after the 14th of June next:—

*Bill to substitute penal servitude for the punishment of Transportation in respect of European Convicts, and to amend the Law relating to the removal of such Convicts.*

**WHEREAS**, by reason of the difficulty of providing a place to which Europeans can, with safety to their health, be sent for the purpose of undergoing sentences of transportation or of imprisonment for long terms; it has become expedient to substitute their punishment for that of Transportation, and to amend the law relating to the removal of European Convicts for the purpose of imprisonment. It is enacted as follows:—

**I.** After the commencement of this Act no European shall be liable to be sentenced or ordered by any Court within the territories in his possession and under the Government of the East India Company to be transported.

**II.** Any person who, but for the passing of this Act, would, by any Law now in force, or which may hereafter be in force, in any part of the said territories, be liable to be sentenced or ordered, by any such Court, to be transported, shall, if a European, be liable to be sentenced or ordered to be kept in penal servitude for such term as hereinafter mentioned.

The terms of penal servitude to be awarded by any sentence or order instead of the term of transportation to which any such offender would, but for the passing of this Act, be liable, shall be as follows, (that is to say)—

Instead of transportation for seven years, or for a term not exceeding seven years, penal servitude for the term of four years.

Instead of any term of transportation exceeding seven years and not exceeding ten years, penal servitude for any term not less than four and not exceeding six years.

Instead of any term of transportation exceeding ten years and not exceeding fifteen years, penal servitude for any term not less than six and not exceeding eight years.

Instead of any term of transportation exceeding fifteen years, penal servitude for any term not less than six and not exceeding ten years.

Instead of transportation for the term of life, penal servitude for the term of life. And in every case where, at the discretion of the Court, one of any two or more of the terms of transportation hereinbefore mentioned might have been awarded, the Court shall have the like discretion to award one of the two or more terms of penal servitude hereinbefore mentioned in relation to such terms of transportation.

**III.** Provided always that nothing herein contained shall interfere with or affect the authority or discretion of any Court in respect of any punishment which such Court may now award or pass on any offender other than transportation; but where such other punishment may be awarded at the discretion of the Court instead of transportation or in addition thereto, the same may be awarded instead of, or (as the case may be) in addition to the punishment substituted for transportation under this Act.

**IV.** If any offender sentenced by any Court within the said territories to the punishment of death shall have mercy extended to him, upon condition of his being kept in penal servitude for life, or for any term of years, all the provisions of this Act shall be applicable to such offender in the same manner as if he had been lawfully sentenced under this Act to the term of penal servitude specified in the condition.

**V.** It shall be lawful for the person or persons for the time being administering the Executive Government of any Presidency or place in which a European has been lawfully sentenced by any Court to be transported, to order such person, instead of being transported, to be kept in penal servitude for the shortest term of penal servitude substituted by this Act for a term of transportation of the same extent as that to which the offender is liable under such sentence or order.

The Executive Government may direct Europeans under sentences of transportation to be kept in penal servitude.

time of removal from one prison to another, shall be taken and reckoned in discharge or part discharge of the term of the sentence.

year, whether with or without hard labour, may, with the consent of the Governor General of India in Council, order the removal of such prisoner from the prison or place in which he is confined to any other public prison or place of confinement within any part of the said territories, and such order shall be a sufficient authority for imprisoning the convict during the remainder of the term mentioned in the sentence, or any part of such term, in the Jail to which the prisoner is removed.

**IX. It shall be lawful for the Governor General**

*Government may grant a license to be at large to any convict on his sentence of penal servitude.*

**XII. If a license be granted under Section IX**

## Legislative Council.

The 10th March 1855.

THE following Bill was read a second time in the Legislative Council on the 10th March 1855 and referred to a Select Committee who report as follows:

*A Bill to substitute penal servitude for the punishment of Transportation in respect of European Convicts, and to amend the Law relating to the removal of such Convicts.*

WHEREAS, by reason of the difficulty of providing a place to which Europeans can, with safety to their health, be sent for the purpose of undergoing sentences of transportation or of imprisonment for long terms, it has become expedient to substitute other punishment for that of Transportation, and to amend the law relating to the removal of European Convicts for the purpose of imprisonment. It is enacted as follows:—

I. After the commencement of this Act no European shall be liable to be sentenced or ordered by any Court within the territories of the possession and under the Government of the East India Company to be transported.

II. Any person who, but for the passing of this Act, would, by any Law now in force, or which may hereafter be in force, in any part of the said territories, be liable to be sentenced or ordered, by any such Court, to be transported, shall, if a European, be liable to be sentenced or ordered to be kept in penal servitude for such term as hereafter mentioned.

The terms of penal servitude to be awarded by any sentence or order instead of the term of transportation to which any such offender would, but for the passing of this Act, be liable, shall be as follows, (that is to say)—

Instead of transportation for seven years, or for any term not less than seven years, penal servitude for any term not less than four and not exceeding six years.

Instead of any term of transportation exceeding seven years and not exceeding ten years, penal servitude for any term not less than four and not exceeding six years.

Instead of any term of transportation exceeding ten years and not exceeding fifteen years, penal servitude for any term not less than six and not exceeding eight years.

Instead of any term of transportation exceeding fifteen years, penal servitude for any term not less than six and not exceeding ten years.

Instead of transportation for the term of life, penal servitude for the term of life. And in every case where, at the discretion of the Court, one of any two or more of the terms of transportation hereinbefore mentioned might have been awarded, the Court shall have the like discretion to award one of the two or more terms of penal servitude hereinbefore mentioned in relation to such terms of transportation.

III. Provided always that nothing herein contained shall interfere with or affect the authority or discretion of any Court in respect of any punishment which such Court may now award or pass on any offender other than transportation; but where such other punishment may be awarded as the discretion of the Court instead of transportation or in addition

thereto, the same may be awarded instead of, or (as the case may be) in addition to the punishment substituted for transportation under this Act.

IV. If any offender sentenced by any Court within the said territories to the punishment of death shall have mercy extended to him, upon condition of his being kept in penal servitude for life, or for any term of years, all the provisions of this Act shall be applicable to such offender in the same manner as if he had been lawfully sentenced under this Act to the term of penal servitude specified in the condition.

V. It shall be lawful for the person or persons for the time being administering the Executive Government of any Presidency or place in which a European has been lawfully sentenced by any Court to be transported, to order such person, instead of being transported, to be kept in penal servitude for the shortest term of penal servitude substituted by this Act for a term of transportation of the same extent as that to which the offender is liable under such sentence or order.

VI. Every person who, under this Act, shall be sentenced or ordered to be kept in penal servitude, may, during the term of the sentence or order, be confined in any such prison or place of confinement within any part of the said territories as the Governor General of India in Council shall, by any General Order, from time to time direct; and may, during such time, be kept to hard labour; and such person may, until he can conveniently be removed to such prison or place of confinement, be imprisoned, with or without hard labour, and dealt with in all other respects in the same manner as persons sentenced by the convicting Court to imprisonment with hard labour may, for the time being, by law be dealt with. Provided that the time of such intermediate imprisonment, and the time of removal from one prison to another, shall be taken and reckoned in discharge or part discharge of the term of the sentence.

VII. All Acts and Regulations now in force within any part of the said territories, with respect to convicts under order or sentence of transportation, or under order or sentence of imprisonment with hard labour, shall, so far as may be consistent with the express provisions of this Act, be construed to extend and be applicable to persons under any order or sentence of penal servitude made or passed under this Act.

VIII. The person or persons for the time being administering the Executive Government of the Presidency or place in which any European convict is imprisoned, under a sentence or order of imprisonment for a term exceeding one year, whether with or without hard labour, may,

with the consent of the Governor General of India in Council, order the removal of such prisoner from the prison or place in which he is confined to any other public prison or place of confinement within any part of the said territories, and such order shall be a sufficient authority for imprisoning the convict during the remainder of the term mentioned in the sentence, or any part of such term, in the Jail to which the prisoner is removed.

IX. It shall be lawful for the Governor General of India in Council to grant any convict who may hereafter be sentenced or ordered to be kept in penal servitude, a license to be at large within the said territories, or in such part thereof as in such license shall be expressed, during such portion of his term of servitude, and upon such conditions in all respects as to the Governor General of India in Council shall seem fit; and it shall be lawful for the said Governor General in Council at any time to revoke or alter such license by a like order.

X. So long as such license shall continue in force and unrevoked, such convict shall not be liable to imprisonment or penal servitude by reason of his sentence, but shall be allowed to go and remain at large according to the terms of such license.

XI. In case of the revocation of any such license as aforesaid, it shall be lawful for one of the Secretaries to the Government of India, by order in writing, to signify to any Justice of the Peace or Magistrate that such license has been revoked, and to require such Justice or Magistrate to issue a warrant for the apprehension of the convict to whom such license was granted, and such Justice or Magistrate shall issue his warrant accordingly; and such warrant may be executed by any officer to whom it may be directed or delivered for that purpose in any part of the said Territories, and shall have the same force and effect in any place within such territories as if the same had been originally issued or subsequently endorsed by a Justice or Magistrate, or other lawful authority having jurisdiction in the place where the same shall be executed; and such convict, when apprehended under such warrant, shall be brought, as soon as he conveniently may be, before the Justice or Magistrate by whom the said warrant shall have been issued, or some other Justice or Magistrate of the same place, or before a Magistrate or Justice having jurisdiction in the zillah or district in which such convict shall be apprehended, and such Justice or Magistrate shall thereupon make out his warrant, under his hand and seal, for the re-commitment of such convict to the prison or place of confinement from which he was released by virtue of the said license, and such convict shall be re-committed accordingly, and shall thereupon be liable to be kept in penal servitude for such further period as, with the time during which he may have been imprisoned under the original sentence or order, and the time during which he may have been at large under an unrevoked license, shall be equal to the period mentioned in the original sentence or order.

**XII.** If a license be granted under Section IX of this Act upon any condition specified therein, and the convict to whom the license is granted violate any such condition, or shall go beyond the limits specified in the license, or, knowing of the revocation of such license, shall neglect forthwith to surrender himself, or shall conceal himself or endeavour to avoid being apprehended, he shall be liable upon conviction to be sentenced to penal servitude for a term not exceeding the full term of penal servitude mentioned in the original sentence or order.

**XIII.** Nothing in this Act is intended to alter or affect the provisions of the 12 and 13 Vict. Cap. 43, or any Act of Parliament passed in the United Kingdom of Great Britain and Ireland since the 1st of August 1833, or which may hereafter be passed.

**XIV.** Any sentence or order upon any person describing him as a European or American shall be deemed, for the purposes of this Act, to be conclusive of the fact that such person is a European or American within the meaning of this Act.

**XV.** The Word "European," as used in this Act, shall be understood to include any person usually designated a European British subject, or any European or American. Words in the singular number or of masculine gender shall be understood to include several persons as well as one person, and females as well as males, unless there be something in the context repugnant to such construction.

**XVI.** This Act shall commence from and after two months from the publication thereof in the Calcutta Gazette.

W. MORGAN,  
Clerk of the Council.

LONDON, }

WAR OFFICE, 7th November 1854.

SIR,

I am directed to transmit herewith, twelve copies of a Circular letter issued from this Office, date and number as per margin, and to request, that you will be pleased to cause the same to be forwarded to the Governor General in India, for his information and guidance, and acquaint me with the date of their transmission.

I have, &c.,  
(Signed) W. HAWES.

SIR J. C. MCIVILLE, K. C. B.,  
&c., &c., &c.,  
East India House.

CIRCULAR 1166.

WAR OFFICE, 4th Nov. 1854.

SIR,

Her Majesty having been pleased by Her Warrant of 18th April 1854, to amend the Warrant of 1st July 1848, granting Medals and Gratuities to Soldiers in the Army for "good conduct and long service;" and having been further pleased to direct that Gratuities so awarded shall be placed under certain restrictions in the Savings Bank of the regiment to which such Soldier may belong, I am directed to acquaint you, in furtherance thereof, and with reference to the Circular letter from this Department of the 22nd May last, No. 1139, that the following instructions should be observed in investing the Gratuities alluded to:—

The Gratuity is to be placed to the credit of the Soldier in the Savings Bank Ledger, separate and distinct from his ordinary Savings Bank transactions, as also from any deposits he may have in any Friendly Society Fund invested in the Regimental Savings Bank.

The following Heading is to be written over the Gratuity Account in the Ledger:—

"GRATUITY—Not to be paid until discharged from the Service."

In the event of a Soldier being transferred from the regiment in which he is serving, to another regiment, a separate Transfer Statement, to be called Form C. is to be transmitted to the regiment to which the man is transferred, having the heading above stated, and specifying the amount of Gratuity awarded, with the amount of interest added to principal, and separately stating the amount of interest, if any, to be afterwards added for any broken period previous to transfer.

When a regiment is transferred to the Indian Establishment, these Gratuities will be transferred to the India Company in the same way as the ordinary Savings Bank, and Friendly Society Deposits have hitherto been transferred, but continuing to be separately and distinctly stated from ordinary Deposits.

To simplify, as much as possible, the transfer of Gratuities to Soldiers serving with their regiments in India, a Notification of the award will in future be made by the Secretary at War to the Directors of the East India Company, as well as to the Officer Commanding the regiment, with directions to the Paymaster that the amount awarded is to be deducted from the Quarterly Remittance Return of Officers, with a reference to the number and date of the War Office letter.

When men are discharged in India for the purpose of settling there, at the Cape of Good Hope, or any Colony eastward thereof, then the principal and interest of their Gratuities are to be withdrawn, and paid to them like their ordinary Savings Bank Deposits.

In those cases, where men are sent home to be discharged, the East India Company will transfer to the British Government the Gratuity Deposits of such men in the same mode as that in which their Savings Bank Balances are now transmitted, care being taken to distinguish such Gratuities from ordinary Savings Bank Deposits.

Should a man, entitled to a Gratuity, die before he is discharged from the Service, the principal and interest are to be added to his effects in the mode pointed out in the 7th Section of the Savings Bank Warrant of 11th October 1848.

As these Gratuities are only subject to forfeiture on conviction by a General, Garrison, or District Court Martial, Commanding Officers will take care to report such cases specially to the Secretary at War, and give the requisite directions to the Paymaster to remit to this country the principal and interest so forfeited, with the other remittances, to be placed to the credit of the public.

As regards regiments on the British Establishment, all forfeited Gratuities are to be withdrawn from the Savings Bank like any other deposits, and specifically credited to the public in the general state of the Quarterly Pay List, with a reference to the date of the Commanding Officer's letter reporting the forfeiture of the Gratuity to the Secretary at War.

In regard to those regiments on the British Establishment, which have not opened Savings Banks, and to the Soldiers of which Gratuities for "good conduct and long service" may be awarded, it will be requisite that the Officer Commanding should open Savings Banks for the purpose of investing such Gratuities at interest, under the authority of the Warrant of 18th April, and the Circular from this Office dated 22nd May 1854.

I have the honor to be,

Sir,  
Your obedient Servant,  
B. HAWES.

The Directors have great pleasure in informing their fellow-shareholders in India, that they have at length succeeded in procuring a Royal Charter of Incorporation, conferring on the Bank the fullest powers, and enabling it to carry on every description of Banking business in London as

## Legislative Council.

The 10th March 1855.

The following Bill was read a second time in the Legislative Council on the 10th March 1855 and referred to a Select Committee who are to report thereon after the 1st of June next:—

*A Bill to substitute penal servitude for the punishment of Transportation in respect of European Convicts, and to amend the Law relating to the removal of such Convicts.*

WHEREAS, by reason of the difficulty of providing a place to which Europeans can, with safety to their health, be sent for the purpose of undergoing sentences of transportation or of imprisonment for long terms, it has become expedient to substitute other punishment for that of Transportation, and to amend the law relating to the removal of European Convicts for the purpose of imprisonment. It is enacted as follows:—

I. After the commencement of this Act no European shall be liable to be sentenced or ordered by any Court within the territories in the possession and under the Government of the East India Company to be transported.

II. Any person who, but for the passing of this Act, would, by any Law now in force, or which may hereafter be in force, in any part of the said territories, be liable to be sentenced or ordered, by any such Court, to be transported, shall, if a European, be liable to be sentenced or ordered to be kept in penal servitude for such term as hereinafter mentioned.

The terms of penal servitude to be awarded by any sentence or order instead of the term of transportation to which any such offender would, but for the passing of this Act, be liable, shall be as follows, (that is to say)—

Instead of transportation for seven years, or for ~~any term not exceeding seven years~~, penal servitude for the term of four years.

Instead of any term of transportation exceeding seven years and not exceeding ten years, penal servitude for any term not less than four and not exceeding six years.

Instead of any term of transportation exceeding ten years and not exceeding fifteen years, penal servitude for any term not less than six and not exceeding eight years.

Instead of any term of transportation exceeding fifteen years, penal servitude for any term not less than six and not exceeding ten years.

Instead of transportation for the term of life, penal servitude for the term of life. And in every case where, at the discretion of the Court, one of any two or more of the terms of transportation hereinbefore mentioned might have been awarded, the Court shall have the like discretion to award one of the two or more terms of penal servitude hereinbefore mentioned in relation to such terms of transportation.

III. Provided always that nothing herein contained shall interfere with or affect the authority or discretion of any Court in respect of any punishment which such Court may now award or pass on any offender other than transportation; but where such other punishment may be awarded at the discretion of the Court instead of transportation or in addition

thereto, the same may be awarded instead of, or (as the case may be) in addition to the punishment substituted for transportation under this Act.

IV. If any offender sentenced by any Court within the said territories to the punishment of death shall have mercy extended to him, upon condition of his being kept in penal servitude for life, or for any term of years, all the provisions of this Act shall be applicable to such offender in the same manner as if he had been lawfully sentenced under this Act to the term of penal servitude specified in the condition.

V. It shall be lawful for the person or persons for the time being administering the Executive Government of any Presidency or place in which a European has been lawfully sentenced by any Court to be transported, to order such person, instead of being transported, to be kept in penal servitude for the shortest term of penal servitude substituted by this Act for a term of transportation of the same extent as that to which the offender is liable under such sentence or order.

VI. Every person who, under this Act, shall be sentenced or ordered to be kept in penal servitude, may, during the term of the sentence or order, be confined in any such prison or place of confinement within any part of the said territories as the Governor General of India in Council shall, by any General Order, from time to time direct; and may, during such time, be kept to hard labour; and such person may, until he can conveniently be removed to such prison or place of confinement, be imprisoned, with or without hard labour, and dealt with in all other respects in the same manner as persons sentenced by the convicting Court to imprisonment with hard labour may, for the time being, by law be dealt with. Provided that the time of such intermediate imprisonment, and the time of removal from one prison to another, shall be taken and reckoned in discharge or part discharge of the term of the sentence.

VII. All Acts and Regulations now in force within any part of the said territories, with respect to convicts under order or sentence of transportation, or under order or sentence of imprisonment with hard labour, shall, so far as may be consistent with the express provisions of this Act, be construed to extend and be applicable to persons under any order or sentence of penal servitude made or passed under this Act.

VIII. The person or persons for the time being administering the Executive Government of the Presidency or place in which any European convict is imprisoned, under a sentence or order of imprisonment for a term exceeding one year, whether with or without hard labour, may,

with the consent of the Governor General of India in Council, order the removal of such prisoner from the prison or place in which he is confined to any other public prison or place of confinement within any part of the said territories, and such order shall be a sufficient authority for imprisoning the convict during the remainder of the term mentioned in the sentence, or any part of such term, in the Jail to which the prisoner is removed.

IX. It shall be lawful for the Governor General of India in Council to grant to any convict who may hereafter be sentenced or ordered to be kept in penal servitude, a license to be at large within the said territories, or in such part thereof as in such license shall be expressed, during such portion of his term of servitude, and upon such conditions in all respects as to the Governor General of India in Council shall seem fit; and it shall be lawful for the said Governor General in Council at any time to revoke or alter such license by a like order.

X. So long as such license shall continue in force and unrevoked, such convict shall not be liable to imprisonment or penal servitude by reason of his sentence, but shall be allowed to go and remain at large according to the terms of such license.

XI. In case of the revocation of any such license as aforesaid, it shall be lawful for one of the Secretaries to the Government of India, by order in writing, to signify to any Justice of the Peace or Magistrate that such license has been revoked, and to require such Justice or Magistrate to issue a warrant for the apprehension of the convict to whom such license was granted, and such Justice or Magistrate shall issue his warrant accordingly; and such warrant may be executed by any officer to whom it may be directed or delivered for that purpose in any part of the said Territories, and shall have the same force and effect in any place within such territories as if the same had been originally issued or subsequently endorsed by a Justice or Magistrate, or other lawful authority having jurisdiction in the place where the same shall be executed; and such convict, when apprehended under such warrant, shall be brought, as soon as he conveniently may be, before the Justice or Magistrate by whom the said warrant shall have been issued, or some other Justice or Magistrate of the same place, or before a Magistrate or Justice having jurisdiction in the zillah or district in which such convict shall be apprehended, and such Justice or Magistrate shall thereupon make out his warrant, under his hand and seal, for the re-commitment of such convict to the prison or place of confinement from which he was released by virtue of the said license, and such convict shall be re-committed accordingly, and shall thereupon be liable to be kept in penal servitude for such further period as, with the time during which he may have been imprisoned under the original sentence or order, and the time during which he may have been at large under an unrevoked license, shall be equal to the period mentioned in the original sentence or order.

**XII.** If a license be granted under Section IX. of this Act upon any condition specified therein, and the convict to whom the license is granted violate any such condition, or shall go beyond the limits specified in the license, or, knowing of the revocation of such license, shall neglect forthwith to surrender himself, or shall conceal himself or endeavour to avoid being apprehended, he shall be liable upon conviction to be sentenced to penal servitude for a term not exceeding the full term of penal servitude mentioned in the original sentence or order.

**XIII.** Nothing in this Act is intended to alter or affect the provisions of the 12 and 13 Vict. Cap. 43, or any Act of Parliament passed in the United Kingdom of Great Britain and Ireland since the 24th of August 1833, or which may hereafter be passed.

**XIV.** Any sentence or order upon any person describing him as a European or American shall be deemed, for the purposes of this Act, to be conclusive of the fact that such person is a European or American within the meaning of this Act.

**XV.** The Word "European," as used in this Act shall be understood to include any person usually designated a European British subject, or any European or American. Words in the singular number or the masculine gender shall be understood to include several persons as well as one person, and females as well as males, unless there be something in the context repugnant to such construction.

**XVI.** This Act shall commence from and after two months from the publication thereof in the *Calcutta Gazette*.

W. MORGAN,  
Clerk of the Council.

*Military Department, No. 25 of 1855.*

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. Consequent upon the changes which have been made in the system of promotion in Her Majesty's Army by the Royal Warrant, dated on the 6th October 1854, and by the Order, dated Horse Guards, the 23rd November 1854, the following changes, in the system of promotion in the Armies of the East India Company, have been approved and authorized by Her Majesty's Government. General periodical Brevets are abolished. A fixed establishment of General Officers of all Arms of the Service arranged in one list for the three Presidencies is authorized.

The Establishment to consist of:—

- 25 Generals.
- 50 Lieutenant-Generals.
- 145 Major-Generals.

Vacancies in the grades of General Officers respectively are to be filled by the promotion of the Senior Officers standing next in succession in the Gradation List of General Officers and Colonels at the three Presidencies.

Major Generals hereafter promoted for distinguished service, will, after the number of General Officers on the fixed Establishment has been completed, be placed in the Permanent General Officer's List, in the proportion of one Major-General for two vacancies; the second vacancy being filled by seniority from the Colonel's List.

Officers of Artillery, Engineers, Cavalry, and Infantry, after serving three years from the date they attain the rank of Lieutenant-Colonel, whether with their Regiment, or on the Staff, or on detached Military employment, in situations which, by the Regulations in force at the time, can be held by Lieutenant-Colonels, will be promoted to the rank of Colonel.

Field Officers, commissioned as such, before the 20th June 1854, will be allowed to rise by Brevet as under the Regulations then in force; but no Officer promoted to the rank of Field Officer, on or after that date is to rise from the rank of Lieutenant-Colonel to that of Colonel, otherwise than by three years' service in the former rank, as above described, or as a reward for distinguished service, or by appointment to be Queen's Aid-de-Camp.

The Governor General of India may, if in his opinion the good of the Service requires it, appoint any Colonel selected for Field Service or a Divisional Command, to the temporary rank of Major-General without regard to seniority; and may, in like manner in the same circumstances, appoint a Major-General selected for a Command to the rank of Lieutenant-General.

In cases where Colonels shall be so appointed without regard to seniority, to command as Major Generals, their temporary rank, if they should have conducted themselves to the satisfaction of the Government of the Presidency to which they belong, may, after having held such Command for five years in peace, or after any shorter period in war upon the recommendation of the Commander-in-Chief, under whom they have served, transmitted with his own approbation by the Governor General of India, and further recommended by the Commander-in-Chief of Her Majesty's Forces, be made permanent at the pleasure of the Queen, if Her Majesty shall so determine. In like manner the temporary rank of Lieutenant-General, as conferred by the Governor General of India, may be confirmed and made permanent at Her Majesty's pleasure.

In addition to the Colonels promoted by seniority to be Major-Generals, Colonels will be eligible for promotion by Her Majesty to the rank of Major-General, and Lieutenant-Generals to the rank of General, for distinguished service in the field. In the case of Officers promoted to the rank of General Officers as a reward for distinguished service in war, the recommendation, in which the service of the Officer shall be detailed, shall be published in the General Orders of the Army and in the *Gazette*, with a view to ensure the responsibility attaching to an appointment thus made out of the regular course of Army Promotion.

Every vacancy on the fixed Establishment of General Officers is to be filled by the promotion when there is no supernumerary of the Senior Colonel qualified to succeed in the rank of Major-General and to be placed on the fixed establish-

ment under the regulations now in force; and vacancies in the ranks of General and Lieutenant-General, will be filled in the same manner. If there be more than one supernumerary who has been promoted for distinguished service, the promotion of the Senior Colonel to take place on every second vacancy only, until the supernumeraries be reduced by the appointment, alternately, of a supernumerary and the promotion of a Colonel.

Promotion shall be made in the ranks of Field Officers below the rank of Colonel, from time to time, or as vacancies occur in the Major-General's fixed Establishment.

Any Captain, Major, or Lieutenant-Colonel, may be rewarded by promotion to Brevet rank for distinguished service in the Field, on the recommendation, as at present, of the General Commanding-in-Chief.

The names of Officers above the rank of Captain who have already retired, or may hereafter retire from the Service on full pay, are to be retained in the Army List in italics; and Officers now on the retired Full Pay List, or hereafter retiring upon full pay are to receive a step of Brevet rank, but such Officers cannot be further promoted.

2. One of the provisions of the Royal Warrant is, that "the Commands of General Officers and other situations on the Staff, both at home, and abroad, shall not be held for more than five years unless by re-appointment." This rule already obtains in the Service as regards General Officers on the Staff; and we have now resolved that it shall be extended, as in Her Majesty's Service, to all other situations in the Staff and on detached employment.

3. Immediate effect will be given to portions of the above arrangement by the promotion by Her Majesty of Officers to complete the establishment of General Officers for the three Presidencies, and of the Officers now retired on full pay who are to receive a step of Brevet rank.

4. Your Government will forthwith promote to be Colonels the Lieutenant-Colonels entitled to that advantage.

5. In making these promotions, time of absence beyond sea, on furlough, or sick certificate on leave granted, will not be allowed to reckon as a part of the three years' service, except absence on account of wounds received in action, or from ill-health contracted by service with an Army in the Field, which must be duly certified by the report of a Medical Board, when each case will be separately examined. In all other cases the time of absence of the Officer before he has completed the required three years' service as Lieutenant-Colonel will be deducted, so that the Officer shall have actually served that time before he be promoted to the rank of Colonel.

6. Having considered the position of the Lieutenant-Colonels now in the Service who have held that rank for three years and upwards, it has been resolved that the above rule shall not be applied in its full strictness to them; but that the circumstances of each case and the length and causes of absence shall be taken into consideration, and the proper deductions, if any, from their time of service be made accordingly.

7. We leave it to the Governor General of India in Council to specify in General Orders the Officers on the Staff or other detached Military employment, in which service as Lieutenant-Colo-

uel shall, from the date of the promulgation in General Orders of the present arrangement, be held equivalent to actual Regimental Command as Lieutenant-Colonel in qualifying Officers to be promoted to Colonel.

8. The Commissions of Colonels to all Lieutenant-Colonels qualified according to the arrangement now communicated, by three years' service as Lieutenant-Colonels, on the 28th November 1854, are to bear that date, being the date assigned to the first promotions made in Her Majesty's Service under the Royal Warrant.

We are, &c.,

(Signed) J. OLIPHANT,

And Eleven other Directors.

AT A MEETING of the Shareholders of the LON-  
DON AND EASTERN BANKING CORPORATION, held  
at the Bank House, No. 36, King William Street,  
on Thursday, the 8th February last—

The Hon. J. C. ESKINE in the Chair—

The Notice summoning the Meeting having  
been read, the annexed Report was presented by  
the Chairman, and read by the Manager :—

#### REPORT.

" The Directors have much satisfaction in report-  
ing that the Charter has been obtained. It was  
sealed and delivered to them on the 20th January  
last, and is now on the table for the inspection of  
the Shareholders.

" The delay and difficulty in obtaining the Char-  
ter has been the subject of much anxiety to your  
Directors: they have now, however, not only to  
congratulate the Shareholders on its completion,  
but upon the very extensive and liberal powers  
given to them as a corporate body.

"The several requirements of the Charter having been complied with, the business of the Bank under its corporate title was, with the concurrence of the Solicitors, commenced on the 29th ultimo, all the outstanding accounts having been closed up to Saturday, the 27th. These accounts, after careful examination by the Board of Directors, were found correct, adopted, and taken over by the Board, for and on account of the Corporation: the Corporate Seal was attached thereto, and the books of the Corporation opened in accordance with them.

"The working of the Bank up to the date of the obtainment of the Charter has had the best attention of your Directors, and, considering the Bank's recent establishment, the result has been highly satisfactory, and such as justified their declaring the two half-yearly Dividends at the rate of six per cent. per annum, which have been paid to the Shareholders. An Abstract of the Balance Sheet up to 27th January 1855, sealed and adopted by the Board for the Corporation, is placed upon the table for the inspection of the Shareholders.

"The Directors hope to have the pleasure of meeting the Shareholders on the day fixed by the Charter for the Annual General Meeting, namely, the third Monday in July next, when they will communicate full particulars as to the working of the Corporation under its new Charter."

The CHAIRMAN then addressed the Meeting, and presented for inspection the Charter and the Corporate Seal, with the abstract of the Balance Sheet of the 27th January, alluded to in the Report. The following Resolutions were put and carried:—

1st.—Proposed by Major-General Patrick Grant, C. B., seconded by William Folgate, Esq., and carried unanimously—

"That the Report of the Directors just read be, and is hereby approved and adopted."

2nd.—Proposed by William Folgate, Esq., seconded by George Henry Smith, Esq., and carried unanimously—

"That the very best thanks of the Shareholders are due, and are hereby given to the Directors and Manager, for their success in procuring for the Bank a Royal Charter of Incorporation."

3rd.—Proposed by the Hon. J. C. Erskine, seconded by John Carnac Morris, Esq., and carried unanimously—

"That under the powers given by Clause No. 33 of the Charter, the number of Shareholders required to be present in person, or by proxy, in order to constitute a General Meeting, be fixed at not less than one-fifth of the whole number of the Shares of the Corporation."

Thanks having been voted to the Chair, the Meeting dissolved.

**LONDON AND EASTERN BANKING COR-  
PORATION.**

AT A MEETING of the Shareholders of the LON-  
DON AND EASTERN BANKING CORPORATION, held  
at the Bank House, No. 36, King William Street,  
on Thursday, the 8th February last—

The Hon. J. C. ERSKINE in the Chair—

The Notice summoning the Meeting having  
been read, the annexed Report was presented by  
the Chairman, and read by the Manager :—

**REPORT.**

" The Directors have much satisfaction in report-  
ing that the Charter has been obtained. It was  
sealed and delivered to them on the 20th January  
last, and is now on the table for the inspection of  
the Shareholders.

" The delay and difficulty in obtaining the Char-  
ter has been the subject of much anxiety to your  
Directors: they have now, however, not only to  
congratulate the Shareholders on its completion,  
but upon the very extensive and liberal powers  
given to them as a corporate body.

" The several requirements of the Charter having  
been complied with, the business of the Bank under  
its corporate title was, with the concurrence of the  
Solicitors, commenced on the 29th ultimo, all the  
outstanding accounts having been closed up to  
Saturday, the 27th. These accounts, after careful  
examination by the Board of Directors, were found  
correct, adopted, and taken over by the Board, for  
and on account of the Corporation: the Corporate  
Seal was attached thereto, and the books of the  
Corporation opened in accordance with them.

" The working of the Bank up to the date of  
the obtainment of the Charter has had the best

attention of your Directors, and, considering the  
Bank's recent establishment, the result has been  
highly satisfactory, and such as justified their de-  
claring the two half-yearly Dividends at the rate  
of six per cent. per annum, which have been paid  
to the Shareholders. An Abstract of the Balance  
Sheet up to 27th January 1855, sealed and adopt-  
ed by the Board for the Corporation, is placed up-  
on the table for the inspection of the Shareholders.

" The Directors hope to have the pleasure of  
meeting the Shareholders on the day fixed by the  
Charter for the Annual General Meeting, name-  
ly, the third Monday in July next, when they will  
communicate full particulars as to the working of  
the Corporation under its new Charter."

The CHAIRMAN then addressed the Meeting, and  
presented for inspection the Charter and the  
Corporate Seal, with the abstract of the Balance  
Sheet of the 27th January, alluded to in the Re-  
port. The following Resolutions were put and  
carried :—

1st.—Proposed by Major-General Patrick Grant,  
C. B., seconded by William Felgate, Esq., and  
carried unanimously—

" That the Report of the Directors just read be  
and is hereby approved and adopted."

2nd.—Proposed by William Felgate, Esq., se-  
conded by George Henry Smith, Esq., and carried  
unanimously—

" That the very best thanks of the Shareholders  
are due, and are hereby given to the Directors and  
Manager, for their success in procuring for the  
Bank a Royal Charter of Incorporation."

3rd.—Proposed by the Hon. J. C. Erskine  
seconded by John Carnar Morris, Esq., and carried  
unanimously—

" That under the powers given by Clause No 3  
of the Charter, the number of Shareholders  
required to be present in person, or by proxy, in  
order to constitute a General Meeting, be fixed at  
not less than one-fifth of the whole number of the  
Shares of the Corporation."

Thanks having been voted to the Chair, the  
Meeting dissolved.

Act repealed.

II. III. It shall not be lawful for the owner or occupier of any house or out-house, whether built before or after the passing of this Act, or whether at any time covered with an outer roof of thatch or other combustible materials, to alter, repair or re-covering the same, or on any occasion, or for any purpose whatever, to cover or cause or permit to be covered any such house or out-house, either wholly or in part, with an outer roof or covering of thatch or other combustible materials, without the consent of the said Commissioners first obtained for that purpose.

altering, repairing or re-covering the same, or on any occasion, or for any purpose whatever, to cover or cause or permit to be covered any such house or out-house, either wholly or in part, with an outer roof or covering of thatch or other combustible materials, without the consent of the said Commissioners first obtained for that purpose.

IV. It shall not be lawful for the owner or occupier of any house or out-house within the said Town which, at the time of the passing of this Act, has, or is covered with, an outer roof of thatch or other combustible materials, or for any person having control over the same, to suffer such roof or covering or any roof or covering of combustible materials to remain as the outer covering of the said house or out-house after the 1st day of January 1857.

VI. The said Commissioners are hereby empowered, upon the application of any person, to signify their consent, by any writing signed by their Secretary or Surveyor for the time being, to the covering, either wholly or in part, any house or out-house within the said Town with an outer roof of thatch or other combustible materials or to the continuing of any such outer roof after the period herein-before mentioned. But every such consent shall express the time for which it is to remain in force. And, after the expiration of such time, the owner or occupier of the said house or out-house suffering the said outer roof or covering of combustible materials to continue, shall be liable to be proceeded against as if he had originally covered the said house with such roof or suffered the same to continue without such consent as aforesaid. And the said Commissioners shall pay the surplus, if any, to the occupier of the said house or to the person entitled to the immediate possession thereof.
